Declaration of Compliance

To VIKING LIFE-SAVING EQUIPMENT A/S,

Botiquín Sans, S.L.U. hereby confirms that all products supplied under the orders listed in the attached document, as well as any new orders accepted during the certificate renewal process, are manufactured and supplied in accordance with the applicable requirements of ISO 18813:2006.

Although our certificate is currently pending renewal, we confirm that we continue to operate and supply these products in accordance with the requirements of the aforementioned standard.

We also confirm that Botiquín Sans, S.L.U. is currently working on the renewal and updating of the corresponding certificate.

As soon as we receive the document from Bureau Veritas confirming that the ISO certificate is currently undergoing renewal, we will forward it to you.

Likewise, once the renewal process has been completed and the renewed certificate has been issued, we will also send you all the updated documentation.

This declaration is issued at the request of the interested party for the appropriate purposes.

In Castellar del Vallès, on 25 August 2026.
